Thank you for considering participating in this community wide project – The Natural History Guide to Davis – 100 Items for 100 Years! This project will explore our City's natural history through workshops given by Davis Arts Center and guest instructors, which will focus on strengthening your artistic skillset. A wide range of styles are encouraged from Charley Harper to John Muir Laws and everything inbetween.

Artwork of any of the 100 items produced between now and January 13, 2017 may be submitted for inclusion in The Natural History Guide to Davis – 100 Items for 100 Years book. The book will be published in 2017, just in time to celebrate the centennial of the City of Davis.
